

Project Demo Planning

Date	26 March 2026
Project Name	Smart Lender

Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction	Introduce the project, team, and explain the problem statement.	2	Sandeep
2	Solution Overview	Explain the Smart Lender architecture, machine learning model, and technology stack.	3	Hamsavalli
3	Live Application Demo	Demonstrate the home page, loan application form, and prediction process.	5	Harshita
4	Prediction Result	Show the loan approval/rejection result and explain the output.	2	Hemanth
5	Project Benefits & Future Scope	Explain advantages, limitations, and future enhancements.	2	Preetham

6	Questions & Answers	Answer questions from the reviewers or audience.	3	All Team Members
---	---------------------	--	---	------------------

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	Explain the need for an automated loan approval prediction system.
2	Solution Overview	Describe the dataset, XGBoost model, Flask application, and overall workflow.
3	Live Feature Demonstration	Open the application, enter applicant details, submit the form, and display the prediction result.
4	Q&A Session	Clarify project functionality, implementation details, and answer reviewer questions.
